*AT AMFIN, THEORY IS  
PUT INTO PRACTICE  
– A UNIQUE LEARNING  
ENVIRONMENT*

## INTRODUCTION COURSES

Our Introduction-level courses are the perfect way to understand the fundamentals in any surface treatment application. Ideal for those trainees who have no prior experience in surface treatment.

## PRI QUALIFICATION

Our PRI Qualification-approved training courses are the ideal preparation for the PRI Assessment. Aligned to the Body of Knowledge, these courses represent the industry best practice.

## WHO ARE WE

Amfin are experts in Surface Treatment operations. Founded in 1947, we have a wealth of experience in metal finishing. With our knowledgeable people, our rigorous standards and our Nadcap-approved state-of-the-art facility in Hinckley, Leicestershire, we are able to meet all our customers' surface treatment needs.

## WHY TRAIN WITH US

- Worldwide reputation for excellence and service
- Expert tutors who have hands-on experience
- High quality training facilities
- Courses that are suitable for all levels of experience
- Fast-track courses for experienced professionals
- Training materials designed by experts in the field
- Flexible and tailored training options available

## COURSES FOR PROFESSIONALS

We offer fast-track courses for the experienced professional. With a mix of classroom and practical modules, these courses are the perfect opportunity to put theory into practice.

## CUSTOM TRAINING COURSES

We offer custom training courses at Amfin, tailor-made for your purpose. We design courses around your own product and offer in-depth, dedicated trainings to achieve your specific learning objectives.
